

Ocean

The ocean looks good, no
I don't want to swim
I've been watching him
Cast out line after line
I could be his very best...
He doesn't want that

I've never cared
So much
I've never wanted anything
But you
I've never cared so...

He drew a picture
Took him two days
One solitary tree and
Fireflies
A memory of an innocent time
Without me

I've never cared
So much
I've never wanted anything
But you
I've never cared so...

Don't leave me - on this island - in this ocean
All alone
I've loved you - so long now - I've loved you so long
let me go

I saw him hold a candle
Up to her eyes
Fireflies and innocence
Reflecting
She is his maidenhead
My ship still on the shore

The ocean looks good
Yeah, the ocean looks good
